HEARTWOOD™

SHINGLES

THE DIFFERENCE IS IN THE DETAILS

Beautiful, Elegant and Tough

Turning a house into a home is all about the details. Vytex Heartwood Shingles allow you to design an exterior that reflects your sense of style, to accent a dormer or to cover a whole house, while providing virtually maintenance-free performance and durability.

*Expressions® Colors – Express Yourself with Bold Color!

This rich, bold palette of deep colors that give your home a striking new look.

Tips for choosing siding colors

- Light colors to make your home look larger.
- Darker colors for a more dramatic exterior look.
- Lighter wall color with a darker accent color to call attention to details like dormers.
- Choose a siding that complements your roof color.

Colors throughout this brochure are simulated.
Consult product samples before final selection.

THE ANATOMY OF SHINGLES

Not all shingles are created equal

Thick, sturdy panel
for strength and rigidity.

Unique continuous lock holds
panels snug and secure the wall.

Class 1A Fire Rating
Classification for fire safety.

**3/4" Deep, realistic
panel projection** creates
enhanced shadow lines.

**Random patterns and
varying gaps** in the panel
design hide seams.

Low gloss woodgrain looks like
hand-crafted perfection cedar.

Vytec Shingles profile:

Single 7" Shingle

10' 1" Long, single-course structure looks more natural on the wall and minimizes installation waste.

Vytec Heartwood™ Shingles Specifications:

Certificate of Conformance

This certificate of conformance is provided to assist the architect or specifier of Heartwood siding. This siding is intended solely for the sidewall applications for new construction exteriors, remodeling projects or as replacement siding for existing structures, including residential and light commercial applications.

Product Specifications

All products meet or exceed the Standard Specification for Rigid PVC Siding (ASTM D-3679) and its referenced documents. An independent laboratory, through unannounced inspections of all manufacturing facilities, verifies the conformance to this specification. ASTM D-3679 is the specification used by building code authorities. Where not defined in ASTM D-3679, our products also meet the stringent quality control standards of Vytec.

Product Test Data

Max. Sustained Windload Test Pressure:
up to 65 PSF
Standard Windload Design Pressure Rating:
up to 80 PSF
Basic wind speed: 182 MPH*

Fire Resistance

Vytec vinyl siding, soffit and accessories have a Class A flame-spread classification per 2018 International Building Code, when tested in accordance with ASTM E-84.

Relevant Codes and Regulations Compliance

Conforms to ASTM Specification D-3679
2018 International Building Code (IBC)
ICC Evaluation Service Report ESR-1066

Color: Uniformity is spectrophotometrically controlled

Gloss: Uniformity is controlled with 75° glossmeter

Lock: Optically measured and controlled

*The MPH wind speed reported above is calculated using the VSI Windspeed Calculation Guidelines. It is an estimate of wind speed resistance given one uniform set of assumptions. Please note that vinyl siding is a decorative covering that is not intended to provide structural reinforcement to a wall. The wind resistance of a wall system may be less than the maximum wind speed rating for a siding product and will not be increased as a result of vinyl siding.

and Prestige Double 4-1/2" in Sierra Brown

COMPLETE THE PICTURE WITH FINISHING ELEMENTS™

Accessories like corner posts and soffit are essential to any vinyl siding installation. But adding elements like Shingles, Beaded Porch Panel and Board & Batten can take your home's exterior design up a notch.

Vented or Solid Soffits
can improve energy efficiency or add an attractive finishing touch

Beaded Porch Panel
provides an authentic look to porch soffit

Board & Batten
offers a timeless look for traditional and contemporary homes

Accessories
complement any vinyl siding installation

THE PROS TRUST VYTEC

When it comes to the products they sell, your contractors make their choices as carefully as you would. That's why they choose vinyl siding from Vytec. We stand behind the products we make. Continued advancements make us a manufacturer you can rely on for innovative, high performing products. It's this dedication to our craft that makes Vytec a partner your contractor can trust – and one you can trust, too.
